Veterans Preference: 10 points

## Objective

Experienced audio professional with a robust background in administration and a fervor for audio production. Seeking a challenging role as a Sound Designer to leverage skills in creating immersive audio experiences and contributing to the innovative film or gaming projects.

## Skills

- Proven expertise in audio implementation and mixing for games
- Technical proficiency in designing, implementing, and optimizing audio systems within middleware and game engines
- Strong problem-solving and troubleshooting skills with a keen attention to detail
- Effective communicator and instructor, accustomed to collaborating in diverse teams
- Project management and process improvement skills
- Familiarity with industry-standard engines such as Unity and UE5
- Extensive experience with Audio Middleware, particularly Audiokinetic Wwise
- Adaptability to differing feature sets and requirements across various gaming platforms
- Proficiency in Microsoft Office, Adobe Spark, and industry-standard audio production software

## Work Experience

KBR | MacDill Air Force Base Special Operations Command Central

*Embedded Mental Health Technician (POTFF) | March 2019 – Present*

- Coordinated embedded psychiatric care, managing scheduling, appointment setting, and administrative tasks
- Observed and documented patient physiological and psychological status, ensuring seamless communication with designated providers

- Provided patient care and supervised support, conducting outreach, educational services, and triage for therapeutic needs

US Air Force

*Mental Health Clinic Supervisor/Superintendent | 1995 – 2016*

- Supervised a diverse medical staff of 200+, initiated organizational improvements, and managed a \$3.7 million budget
- Led three clinics with 18 staff members, delivering behavioral health services for 7,000 beneficiaries
- Conducted interviews, developed goals and plans, and determined referral service options

## Education

Full Sail University, Winter Park, FL

*Bachelor of Science in Audio Production | October 2021*

- GPA 4.0
- Valedictorian
- Advanced Achievement Award
- 4 Course Director Awards

## Certifications

- DJ Certification, Scratch DJ Academy Los Angeles – 2015
- Certified AVID Certified User | Pro Tools – 2021
- Certified AVID Operator | Pro Tools – 2021

## Special Recognition

- Outstanding Performance Recognition | December 2022
- Developed a comprehensive training plan for the new roll-out of a government electronic health record, conducted extensive group training sessions, created instructional materials, developed and recorded training videos, and provided 1:1 training sessions for individual therapists and supporting adjunct personnel.
